

**Thank you for registering for the Mass of your choice. It has truly helped us set our seating chart, so that when you check in at the entrance door, the ushers can escort you to your place. We have noticed that in some cases, people are registering but do not show up. This is not the issue. The real issue is that you are reserving a space or spaces, and with the number of reservations coming to the point where we will be full according to the 25% guidelines, this will not allow someone who might have attempted to register to do so, as when we hit the number permitted, the registrations for that Mass are closed. So, please make sure when you register do all you can to be present. We are still having 'walk-ins', which we will accommodate if there are still seats available. Otherwise, you will have to attend another Mass. I know these regulations are trying for all of us, but it is for the safety of all attending our Masses. The best practice is to register. Again, if you need help we will assist you.**

**This is a plea for food assistance in our Food Pantry. We are running short of the following items: pancake mix, syrup, pasta/spaghetti, rice, Ramen noodles and jelly. If you are able to assist us with this request, we would be deeply appreciative. You can bring your items to the church between 9:30 until noon, Monday through Friday.**

**We will reopen our parishes offices on July 1, from 8am until 4 pm.**
